Radio Committee Suggests Two Boards Control Air Stations

House and Senate Asked to Hasten Adoption of Regulations

WASHINGTON, Dec. 3. (AP)—Enactment of an emergency radio control measure prohibiting issuance of broadcasting licenses after the 6th inst. and control of the industry by two bodies, a Federal radio commission and the Commerce Department, are the recommendations of the National Radio Co-ordinating Committee to the Congress.

The recommendations adopted here in the first meeting representing the industry, were presented today to Senate and House conferees in charge of radio legislation by Walter A. Strong of the Chicago Daily News, chairman of the radio section of the American Newspaper Publishers' Association and chairman of the co-ordinating committee.

Both houses have passed radio-control bills, the Senate proposing an independent commission and the House favoring control under the Commerce Department.

DEFINING POWER

The functions of the controlling body, as set out in letters from the co-ordinating committee to House and Senate conferees, "should be so clearly defined as to leave no room for doubt as to the standards used in case of emergency and in case of normal conditions."

Emergency control measures suggested as one of the radio control act, to prevent further complication and confusion in the air. The emergency steps are taken, the letter said, the flow of agricultural and market information on which farmers depend also will be affected. The estimated at \$1,000,000,000.

URGENT PRIORITY

Recognition of the right of priority of operation of radio stations was urged, and the allocation and use of wave lengths should be determined on length of time the stations have operated, character of service and requirements of their users and communities for radio service.

There is something in the pleasures of the country that reaches much beyond the gratification of the eye—a something that invigorates the mind, that erects its hopes, that allays its perturbations, that mellows its affections; and it will generally be found that our happiest schemes, and wisest resolutions, are formed under the mild influence of a country scene, and the soft obscurities of country retirement.

Delightful homes and well-located homesites, in the suburbs, outlying districts, and country, are among the real estate offerings presented day by day in

# KIDNAPER OF DRY AGENTS BECOMES PHANTOM SHIP

## French Rum-Runner Continues to Elude All Coast Guard Boats Sent to Rescue Officers

NEW ORLEANS (La.) Dec. 3. (P)—Gaining almost the reputation of a phantom ship, the Arsene J., asserted French rum-runner schooner, continued today to elude United States Coast Guard cutters and patrol boats, which since Tuesday have sought her and two American enforcement officers believed held captive aboard.

At New Orleans, Capt. Jacob H. Matthews, assistant prohibition administrator at New Orleans, and Chief Machinist Mate Handley, and Chief Machinist Mate Handley, expressed his belief that the schooner had been seized by Coast Guard patrol boat CO-302.

The patrol boat returned to her base for fuel after the Arsene J. had been sighted since.

The plight of the two enforcement officers and the mystery of the disappearance of the Arsene J. were the center of speculation and different opinions today. During it all, the Coast Guard cutter Tallapoosa was on a patrol of ship lanes in the Gulf of Mexico and patrol boats from Coast Guard base at Biloxi and Key West were searching every possible place of hiding.

Officials at Mobile believed that Matthews and Handley had been overboard after a surprise attack and that they would be landed probably at Havana or Nassau tonight or tomorrow.

The Sao Paulo-Rio de Janeiro highway of Brazil, sections of which just have been opened to being built by twenty-two concerns employing a total of more than 4000 men.

WASHINGTON, Dec. 3. (P)—A general alarm for the capture of the French rum-running Arsene J. which escaped with two Federal men aboard after its seizure of Mississippi Tuesday was broadcast today by the State Department to consuls at ports in the entire Caribbean Sea area.

Disturbed over the continued success of the ship in evading capture, Federal officials of the prohibition and Coast Guard forces and the State Department joined in seeking the vessel.

REINHARDT SAILS FOR NEW YORK

German Producer En Route to Direct Productions of "The Miracle"

HAMBURG, Dec. 3. (P)—Max Reinhardt, famous theatrical producer, and Duolonia Giannini, Italian-American opera singer, are passengers on board the steamer Deutschland, which sailed today for New York.

BERLIN, Dec. 3. (P)—Max Reinhardt, theatrical producer and director, considers Eugene O'Neill America's greatest playwright and Charlie Chaplin one of its best film actors.

He also believes America is on the eve of discovering a musical genius who will give expression to the rhythm which is the outstanding characteristic of the age.

Reinhardt voices these opinions before departing for the United States. He is to remain for two months to direct "The Miracle" in San Francisco and Los Angeles and study the methods of the Hollywood film industry.

"O'Neill, better almost than any dramatist of our day, has caught the spirit of our age," observed Reinhardt. "Our day is one of rhythm, of tempo, of concentrated energy. O'Neill has caught it."

"As for the American film, I have the greatest admiration and respect for it. It is unsurpassed as concerns technical perfection. It possesses a galaxy of stage directors doing exceptional work. Charlie Chaplin, to mention but one, has shown that he is not only a great actor, but also an outstanding stage director."

"American film production is at such an advanced stage that it attracts Europe's best film experts and actors. Ernst Lubitsch, Emil Jennings, Conrad Veidt, Sjostrom and Mauritz Stiller, the Swedes—to mention but a few—have all gone over to America. As a European I note this with a certain tinge of sadness, as I wonder where their successors are to come from."

PHOENIX, Dec. 3. (Exclusive)—Mrs. Gladys Lane, 28 years of age, accused with her husband of the murder of Dr. John Franklin Reed in a tourist camp house in Phoenix, was a dramatic witness today in an attempt to justify the homicide.

The woman told a vivid tale of relations and of flight to Texas and to California to escape Reed's attentions.

She denied that she had telephoned Reed to come to the camp that he might be dealt with by the husband who, she said, she thought was absent. Reed left an antemortem statement denying any close relations with the woman, who has been in his employ in Miami and Phoenix.

The case is expected to continue over into next week.

COPENHAGEN (Denmark) Dec. 3. (P)—The Socialist Premier, T. A. M. Svaenling, presented his cabinet's resignation to the King today in consequence of the Liberal and Conservative victory in yesterday's Parliamentary elections.

In the elections to the Folketing or Lower House of Parliament, yesterday the Conservatives won thirty seats, a gain of two from the elections, and the Liberals forty-six, also a gain of two, while the Socialists lost fifty-three, a loss of two and the Radicals sixteen, a loss of one.

The Sleivig (German minority party) obtained one seat, the same as they had in the old Folketing. The Justice party, which had no candidate in the 1924 elections, obtained two seats.

PAROLE FOR POWERS BROTHERS OPPOSED

SAPPHORD (Ariz.) Dec. 3. (Exclusive)—Strong protest is being sent by citizens of Graham county against suggested parole or pardon of the Powers brothers, now serving life sentences in the prison at Florence for the killing of R. F. McBride, Martin Kempton and T. K. Wootan in 1918.

McBride was Sheriff of Graham county, and the others were deputies. The officers were killed by the two Powers brothers, who were attempting to avoid the selective draft. They were captured after a man hunt that lasted six weeks and was participated in by several thousand and individuals, including some cavalry.

# FUNDS GIVEN AERONAUTIC LABORATORY

## Guggenheim Donation Also Will Establish Chair at Michigan University

NEW YORK, Dec. 3. (P)—Appropriation of \$75,000 for completion of the aeronautical laboratory and for the establishment of the Daniel Guggenheim professorship of applied aeronautics at the University of Michigan, was announced yesterday by Harry F. Guggenheim, president of the Daniel Guggenheim fund for the promotion of aeronautics.

Of the appropriation, \$38,000 will be used to complete laboratory apparatus and to construct new testing and research instruments. The remainder of the appropriation will be paid in installments of \$5000 a year over a period of ten years for the establishment of the professorship.

Last summer the Guggenheim fund gave approximately \$600,000 to the California Institute of Technology and Leland Stanford University for the development of their aeronautical laboratories.

While the names of the defendants will not be made public until they are arraigned, it became known that six are residents of Albany and other places in Eastern New York, and thirty are from Massachusetts, mainly from Springfield, Pittsfield and North Adams. The pool, Federal officials said, operated lotteries in baseball results and clearinghouse statistics.

The Federal grand jury, which concluded its work, was discharged tonight by Judge Brewster. It was indicated that the new grand jury to come in next Tuesday might have to deal with a second lottery investigation.

Information obtained at the inquiry just concluded, Federal investigators admitted, that a rival concern, also having headquarters in Albany, was believed to have contributed to the Democratic election chest in New York State.

To illustrate the magnitude of the second pool would be forthcoming from persons in the State of New York. It was estimated that the pool tickets aggregated \$75,000 weekly.

For two days the corridors of the Federal building have been filled with witnesses, some of whom were detectives and police officers, some of whom were railroad police and some of whom were investors.

BRITISH ARMY TWO-THIRDS OF FORMER TOTAL

LONDON, Dec. 3. (Exclusive)—The British army is two-thirds of its former strength today, the figures showed in a report of the War Office.

As compared with the 1914 period, but the administrative staff of the war office is doubled. These facts were brought out by Lord Middleton during a debate in the House of Lords last night.

He expressed alarm at the reduction when the nations still are disposed to fly at each other's throats, even after the bloodletting of the war.

Replying for the government, Lord Onslow, undersecretary of the War Office, defended the reduction policy, declaring that the strength of the army has not fallen below what is compatible with the present military service of the empire.

He admitted that the recruiting has not come up to the expectations of earlier estimates.

NEW YORK Lotteries Said to Have Played Politics

CONTRIBUTION TO CAMPAIGN CHESTS REPORTED

BOSTON, Dec. 3. (P)—A secret indictment charging thirty-six defendants with conspiracy to ship lottery tickets between States was returned tonight by a Federal grand jury after a two-day investigation of the so-called Albany and Hudson pools. Federal officials at the inquiry claimed to have found evidence that the pools contributed \$15,000 to the Republican campaign fund in the recent New York State election.

The names of the defendants will not be made public until they are arraigned, it became known that six are residents of Albany and other places in Eastern New York, and thirty are from Massachusetts, mainly from Springfield, Pittsfield and North Adams. # PLOT HINTED IN BURIAL OF OLSON GIRL

## Father of Youth Sought After Finding of Grave Declares Body "Planted"

PRAIRIE DU CHIEN (Wis.) Dec. 3. (P)—A conviction that the body of Clara Olson was "planted" for purposes of discovery on a hillside overlooking the home of her sweetheart, Erdman Olson, and to direct suspicion toward him, was voiced today by Albert Olson, father of the missing 18-year-old college boy who is charged with the girl's murder.

Clara, 22-year-old farmer's daughter, an expectant mother when she disappeared from her father's home on September 9, was found dead yesterday in a shallow grave within a quarter of a mile of the tobacco plantation where Erdman lived with his parents.

The search for young Olson, who disappeared from Oak College a day after her father had threatened his arrest if the girl was not produced, brought word to Crawford county officials today that suspects are being sought at Des Moines, Iowa; Evansville, Wis.; and Crawfordville, Ind. The sheriff, viewing a suspect at Des Moines, Ill., reported that the youth held there was not Olson.

An autopsy over the girl's body has been set for tomorrow afternoon. Erdman's father, a farmer, came today to a renewed defense of his son and declared preposterous the theory that he had deposited the body on the hillside where it was found yesterday.

RAIL STRIKE FOR CANADA PREVENTED

Wage Dispute Settled by Granting of Increase to 15,000 Train Workers

MONTREAL, Dec. 3. (P)—The wage dispute in which 15,000 Canadian trainmen had voted to strike unless they were given an increase was settled today.

S. M. Berry, senior vice-president of the Order of Railway Conductors, and W. J. Babe, vice-president of the Brotherhood of Trainmen, announced the settlement was peaceful and that the men had been granted varying wage increases. They had been in conference for several days with railway officials in an effort to prevent a walkout. A strike already had been voted.

The men had demanded a 6 per cent increase, to lift their wages to a level with those of American trainmen and conductors.

Although the men did not get all they wanted, Berry said, they had considered the offers of the railways preferable to throwing the country into turmoil by a railway strike.

MORAL TRAINING URGED IN LIEU OF RESORT TO LAWS

WASHINGTON, Dec. 3. (P)—An opinion that it will do the churches no harm to have their faith in legislation somewhat chastened, is expressed by Dr. S. Parkes Cadman, president of the American Council on Churches, in the current bulletin of that organization.

Urging less dependence on laws and more reliance on the training of the individual in moral character, he cites the changed "outlook about religion" through political action on the part of free churchmen in England and calls for a revival of prayer and Bible study in the United States as a means of renewing life and power of the churches.

"We are being taught in this republic that blind dependence upon even the most excellent laws get us nowhere," he writes, "and that the church must steadily maintain her aggressive evangelization and training of children and adults in the Christian religion if they are to become law-abiding citizens."

Wales Still Enjoys Dancing Charleston

LONDON, Dec. 3. (Exclusive)—The Charleston may offend the susceptibilities of many a "Mrs. Grundy," but the Prince of Wales still enjoys it. Last night he forsook high society circles and attended a dance given in the phibian London district of North Lambeth by a local branch of the British Legion.

He thoroughly enjoyed himself for two hours. The prince was the wife of a saloon proprietor, but for the "flat Charleston" he chose Miss Lyle Huckle, who must have been a dancer when at the end of the band, the Prince waved to the band for more.

The whole room was flat Charleston with equal enthusiasm.

WORK GIVES WARNING OVER LAND GRANTING

WASHINGTON, Dec. 3. (P)—Conservation of natural resources stands in danger of being entirely thwarted if government land-granting such as the public lands is not controlled by the Secretary of the Interior.

Secretary of the Interior said today in a letter to Chairman Binnow of the House Public Lands Committee. He said the end of Federal reclamation, if royalties from the public domain should cease and urgent consideration by Congress of bills which would grant to States full title to mineral deposits on school grant lands.

MEXICO WILL MEET ALL COUNTRY'S BILLS

MEXICO CITY, Dec. 3. (Exclusive)—President Calles is planning to cut next year's budget to a minimum, it is learned. Repeated conferences have been held lately at the Finance Ministry and the Ministry of the Treasury.

A high official of the Finance Ministry is quoted as saying the government will meet all obligations, internal and external, including interest payments to the New York banks. The budget may not be ready by the end of the year, but in case Congress probably will grant the President extraordinary powers to see.

Trip to Geneva

PARIS, Dec. 3. (Exclusive)—Conversations shaping toward the imminent withdrawal of the allied control of Germany took place today when statements of France, Great Britain and Poland at a luncheon and private conference attempted to pave the way to an understanding at the coming League of Nations session.

France, though putting up a strong plea against relaxing the checks upon its neighbor, was faced with almost overwhelming opposition. It is understood, though some minor concessions from Germany may be granted as a result of these conversations.

French Foreign Minister Briand entertained with a luncheon in honor of British Foreign Secretary Sir Austen Chamberlain, Premier Raymond Poincaré attending afterward, and the three were closeted in a conference for nearly two hours. Their talk turned upon the findings of the Ambassadors' council this morning which considered the latest reports received from Gen. Walsh, who was sent on a special mission to Germany. The statements likewise discussed various angles of disarmament and foreign policies, as well as the Chinese crisis.

Tomorrow Foreign Minister Briand, Sir Austen Chamberlain, German Ambassador Von Henrich and Italian Ambassador Arsenau will assemble in an attempt to broaden the understanding of today's discussions, with the English and French Foreign Ministers probably leaving for Geneva in the evening.

## AFRICAN TREK PERILS TOLD

Hunter Writes of Battles With Bushmen and Grave  
Danger of Death by Thirst

CHICAGO, Dec. 3. (Exclusive)—Dr. F. P. Thompson of Chicago has received a letter from Dr. D. W. Macmillan, the Birmingham (Ala.) physician, who has just escaped death after wild adventures in South Central Africa. W. L. Makin, Cape Town correspondent of a Chicago newspaper, mailed a story a few days ago of the difficulties of the expedition which is headed by Dr. R. L. Magon, an American dentist of Salisbury, Southern Rhodesia. The expedition after the letter was written, fought a battle with bushmen and lost five native servants. It was lost and sent a runner for help, but later made its way out of the jungle to Lobitza, Portuguese West Africa and boarded a boat for Capetown.

Last June while en route to Kurling Kurn the party ran out of water and found all the water holes dried up. They searched for water until they were exhausted.

"I decided we would die of thirst," says Dr. Macmillan's letter. "I did not tell the women in the party, but we decided that it would all be over in a few days. Finally an accident saved us. We were on the edge of the Kalahari Desert. A few Congallin and Oromba passing along from a mine to a distant kral were attacked by bushmen. Some of them were wounded by arrows. They dropped and ran, and the bushmen made off with their belongings. On the way back to get their calabashes they found a water hole cleverly covered with logs. We went to the hole and camped there. The water was dirty, but it tasted like sparkling burgundy to us. Meanwhile our supply wagon had been attacked by bushmen and all our provisions taken.

"We finally reached Umtali after covered 6000 miles of the roughest country in the world. I will be in London in two or three weeks. I have an injured arm and it will have to be operated on."

JAPANESE RULER ON  
ROAD TO RECOVERY

TOKYO, Dec. 3. (P)—Emperor Yoshihito, who is ill at his villa at Hayama, near here, continues to show improvement in his condition. The imperial household announced today. The ruler has no more fever, his appetite is increasing and the crisis is believed past, but attendants are maintaining a close watch at his bedside.

Left Unanswered

LONDON, Dec. 3. (Exclusive)—The government, in the face of the public demand has issued a report and the text of the speeches on the subject of imperial defense delivered at the meeting of the British Imperial Conference October 26 and of the subsequent discussions at later dates, which at first it had decided to keep secret.

The most revealing parts of the report are those disclosing the response of the dominion Prime Ministers to Prime Minister Stanley Baldwin's appeal for co-operation on the Singapore naval base scheme, the speeches making it clear that the idea of sharing the financial responsibility met with exceedingly cautious replies.

The Australian Prime Minister, Stanley M. Bruce, definitely announced that Australia was unable to contribute toward the cost of the construction of docks, while no financial encouragement was offered definitely by the other dominion chiefs.

According to the text of the speeches, Mr. Baldwin stressed the desirability of developing a co-ordinated empire defense, as opposed to individual methods. The government, he announced, had decided to adopt the scheme put forward by the admiralty and although the burden of expense will be heavy, it was vital to the security of the empire that the scheme be carried out.

"If our forefathers who wrote the Constitution could come back they would doubtless be amazed, that America—founded on this Constitution, now the most wonderful country in the world—is trying to question the very principles which have caused this success.

Marco H. Hellman's Entry  
Victor in International  
Exposition Show

CHICAGO, Dec. 3. (Exclusive)—Easter Star, a Pacific Coast entry, won the five galloped saddle class at the horse show at the International Livestock Exposition last night. He is owned by Marco H. Hellman of Los Angeles, and is said to be the most beautiful saddle horse in America. The other three ribbons were won by Illinois horses. Second went to Simbad's Brother, owned by L. M. Newgas. Baron Lee Rose, Mrs. A. C. Thompson's bay gelding, got third and W. D. Alexander's Auto B. Prince, fourth.

The California winner was an easy victor, when Man of the Hour, who had been entered in this contest, was scratched. Herbert M. Woolf of Kansas City, Mo., owner of the latter, could not show the bay gelding, which defeated the famous Miracle Man, at the recent Kansas City Royal, because the horse was sick.

Man of the Hour is also entered in the \$5000 five-galloped saddle horse stake in which Easter Star will make his next appearance Saturday night. The Missouri horse is expected to be in condition for Saturday night's show.

O. H. Lehmann of Chicago, winner of many blues this week, scored again last night in the class for harness horses, driven by a woman and shown to phoetion, Miss Edith Miles, driven by Miss Edith Miles, was the choice of the judges.

DEAD MAN IDENTIFIED—OAKLAND, Dec. 3. (P)—The police today identified the man killed last night after attempting to steal an automobile as Preston Leo Church, an Oakland taxicab driver, whose license was revoked last February after he had been accused of several hold-ups.

SAN FRANCISCO, Dec. 3. (Exclusive)—While Marshal Chang Tso-Lin is planning the "Ankuntun," or name of northern war lords, to name of a co-operative movement against the Cantonese, the revolutionary army of the south is making its victorious march, according to dispatches from Chinese points.

Within the last twenty-four hours two important cities, Poochow and Ningbo, both on the line of the great running from the coast to the interior, have fallen into the hands of the Canton government. Poochow, the southernmost of the two, is a city of 100,000 people. It is so far as foreigners are concerned, the situation seems to be quiet. Both at Poochow, however, by the Cantonese, and in the north, there is no railroad on which the northern army is advancing to buy further progress.

SATURDAY MORNING.  
ARMY OF SOUTH CHINA ADVANCES  
War Lords in North Work Out Alliance  
Canton Government Seizes Two More Towns  
France and Britain Will Act Cautiously

SAN FRANCISCO, Dec. 3. (AP)—The Manchurian Chang Tso-Lin is organizing the "Ankuunium," or alliance of northern war lords, to attempt a co-operative movement against the Cantonese, the revolutionary army of the south is continuing its victorious march, according to dispatches from Chinese points recently captured by the Associated Press. Within the last twenty-four hours two important cities, Foochow and Ningbo, both on the line of railroad running from the coast to Manchuria, have fallen into the hands of the Canton government. Possessing these cities, the way is opened for the southern army to advance into the northern provinces and Chekiang, the province adjoining on the north. There is no railroad line on which the Manchurians can make a stand to further progress. In as far as foreigners are concerned, the situation seems to be quiet, both at Foochow, now in the hands of the Cantonese, and Ningbo, which has been in southern hands several months. English-language papers published in China have uniformly commended the advance of the Cantonese army toward the north, and the capture of these cities, consequently it is probable the Manchurians are not in a position to make a stand to further progress. In as far as foreigners are concerned, the situation seems to be quiet, both at Foochow, now in the hands of the Cantonese, and Ningbo, which has been in southern hands several months.

FRANCE AND BRITAIN WILL MOVE CAUTIOUSLY  
PARIS, Dec. 3. (AP)—France and Britain have decided to act with caution and circumspection to the situation in the Far East. During the present disturbed conditions there, Foreign Minister Aristide Briand said today in a statement, "We are not in a position to make a decision on the situation in the Far East."

WILL BE CONCILIATORY  
LONDON, Dec. 3. (Exclusive)—Miss Langdon, the new British Minister to China, who is going to Hankow to investigate the situation there, has been instructed to adopt a conciliatory policy toward the Chinese. The British attitude now is that there is much justice in the Chinese claims regarding the relations of the European traders and the Chinese. In the past these relations have been unilateral and the Chinese have suffered in other words, the relation should be equal.

BANK LAW PLANNED  
WASHINGTON, Dec. 3. (AP)—A bill providing for Federal guaranty of deposits in national banks will be introduced in the House shortly after Congress convenes, by Representative Howard, Democrat of Nebraska. The measure is designed along the lines of the Nebraska Guaranty of Deposits Act, which was intended to safeguard depositors' money in case banks there in the event of failure.

A Newspaper Story

By O. HENRY

At the next corner it fell from his pocket, carrying with it his pair of new gloves

At 8 a.m. it lay on Giuseppe's newsstand, still damp from the rain. Giuseppe, with the cunning of his ilk, pilandered on the opposite corner leaving his patrons to help themselves no doubt on a theory related to the hypothesis of the watched pot. This particular newspaper was, according to its custom and design, an education, a guide, a monitor, a champion and household counselor and vaude mecum. From its many excellencies might be selected three editorials. One was in simple and chaste but illuminating language directed to parents and teachers, deprecating corporal punishment for children. Another was an accurate and significant warning addressed to a notorious labor leader who was on the point of instigating his clients to a troublesome strike. The third was an eloquent demand that the police force be sustained and aided in everything that tended to the securing of bright eyes, rosy cheeks and a beautiful countenance. Besides these more important childings and regulations upon the store of good citizenship was a wide prescription or form of procedure laid out by the editor of the heart-to-heart column in the sporting page, a young man who had complained of the obduracy of his lady love, teaching him how he might win her. Again there was on the beauty page, a complete answer to a young lady inquirer who desired admonition toward the securing of bright eyes, rosy cheeks and a beautiful countenance. One other item requiring special cognizance was a brief "personal" running thus: Dear Jack—Forgive me. You were right. Meet me corner Madison and—oh at 8:30 this morning. We leave at noon. Penitent. At 8 o'clock a young man with a haggard look and the feverish gleam of unrest in his eye dropped a penny and picked up the top paper as he passed Giuseppe's stand. A sleepless night had left him a late riser. There was an office to be reached by nine, and a shave and a heavy cup of coffee to be crowded into the interval. He visited his barber shop and then hurried on his way. He pocketed his paper, meditating a belated perusal of it at the luncheon hour. At the next corner it fell from his pocket, carrying with it his pair of new gloves. Behind the wide-eyed, amiable columns of the press Policeman O'Brien receives swiftly his nip of the real stuff. He moves away, startled, refreshed, fortified to his duties. Might not the editor man view with pride the early, the spiritual, the literal fruit that had blossomed from his pen? Policeman O'Brien folded the paper and poked it playfully under the arm of a small boy that was passing. That boy was named Johnny, and he took the paper home with him. His sister was named Gladys, and she had written to the beauty editor of the paper asking for the practicable touchstone of beauty. That was weeks ago, and she had ceased to look for an answer. Gladys was a pale girl, with dull eyes and a discontented expression. She was dressing to go up to the avenue to get some braids. Beneath her skirt she pinned two leaves of the paper Johnny had brought. When she walked the rustling sound was an exact imitation of the real thing. On the street she met the Brown girl from the flat below and stopped to talk. The Brown girl turned green. Only silk at \$3 a yard could make the sound that she heard when Gladys moved. The Brown girl, consumed by jealousy, said something spiteful and went her way, with pinched lips. Gladys proceeded toward the avenue. Her eyes now sparkled like jet-jet fountains. A rosy bloom visited her cheeks; a triumphant, subtle, vivifying smile transfigured her face. She believed, about cultivating kind feelings toward others in order to make plain features attractive. But in all this wind we must hurry to keep in touch with our paper. Policeman O'Brien arrested it as a character dangerous to traffic.

UNIFIED STATE AIM OF MEET  
San Franciscans to Fight Sectionalism

Harmony Meeting Called for Next Tuesday

Coalition on Legislation One of Objects

SAN FRANCISCO, Dec. 3. (Exclusive)—The first step toward bringing together Northern and Southern California in a spirit of harmony concerning State-wide issues and looking toward the elimination of "sectionalism" will be taken Tuesday at a meeting called by the Public Welfare Committee of the Board of Supervisors. The delegates to the gathering, Kent states in his communication, are "to consider ways and means to completely eliminate the spirit of sectionalism apparent during the recent election," and "for the purpose of bringing about a revival of the spirit of California harmony and unity and all constructive California legislation, particularly on the subject of legislation for the financing of public highways and other measures that need the support of our citizens."

Italy-Albania Pact Worries Jugo-Slavians

PARIS, Dec. 3. (AP)—The announcement that Italy and Albania have entered into a pact of friendship and security has made a profound impression in Belgrade, says a dispatch to the Journal from the Jugo-Slavian capital. Competent circles, the correspondent asserts, regard the signing of the treaty as an event of the utmost gravity and as meaning nothing less than establishment of an Italian protectorate over Albania. It is felt that such a step is of a nature to compromise the future relations existing between Italy and Jugo-Slavia.

MILWAUKEE RAILWAY TREASURER EXPIRES

CHICAGO, Dec. 3. (AP)—Archibald Oliver Loomis, banker and treasurer of the Chicago, Milwaukee and St. Paul Railroad, died at his home here tonight of apoplexy. He leaves his widow and daughter, Miss Madeline, at home, and Sullivan Loomis, and Archibald H. Loomis, in New York City.

Unified Signal System Urged at Crossings

SAN FRANCISCO, Dec. 3. (Exclusive)—A device by which all warning signals at railroad crossings will ring and wigwag thirty seconds before a train reaches the crossing was disclosed before the State Railroad Commission by E. F. McNaughton, transportation engineer. McNaughton declares it will go far toward eliminating grade crossing accidents. The main trouble with the signals now, he declared, is that they work on varying schedules, some sounding fifteen seconds and some two minutes before the arrival of trains. This engenders lack of confidence in the signal, he said. The proposed order calls for standardization by July 1, 1927.

YOUNGEST CONVICT MAY GET FREEDOM

SAN FRANCISCO, Dec. 3. (Exclusive)—The gates of San Quentin are about to part for Joseph Taffey, sometimes known as James Trautman, California's youngest inmate of the State penitentiary. He is 15 years of age. Superior Judge Butler granted a writ of habeas corpus at San Francisco today to Mrs. Valla E. Parkinson, woman attorney of Sacramento, who contends the youth should have been tried before a juvenile court instead of in Superior Court. The writ is returnable the 10th inst.

JOURNEY OF MARIE WILL END TODAY

Queen Now in Rumania and Scheduled to Reach Bucharest This Morning

BUCHAREST, Dec. 3. (AP)—Queen Marie, nearing home from her overseas journey, now is on Rumanian soil. The train on which she is traveling from Paris to Bucharest crossed the Rumanian frontier early this evening and, according to official announcement, the royal party will reach Bucharest at 11 o'clock tomorrow morning. The people of Bucharest, always anxious to see their beloved Queen, were getting ready tonight for an elaborate welcome. Precautions were being taken by the authorities to handle the crowds which are sure to gather to show their pleasure over the safe return of the Queen and her two children, Princess Elena and Prince Nicola.

Nearly all the cars to be exhibited at the annual automobile show at Montevideo, Brazil, will be from the United States.

Reward Urged to Spur Search for Strangler

SAN FRANCISCO, Dec. 3. (AP)—A request that the San Francisco Board of Supervisors offer a large reward for the apprehension of the "dark stranger," to whom police ascribe the murder of at least twelve women in Pacific Coast cities, was made by a Coroner's jury here today. The jury, conducting an inquest into the recent death of Mrs. Willie A. Edmunds, found that a search of the Coroner's records disclosed that six women, instead of four as shown in the police files, have been killed by the "strangler" in San Francisco. The use of extraordinary measures by the police department to trap the fiend was urged by the jury.

COMPTON LAYS PLAN FOR RABBIT EXHIBIT

GENERAL CHAIRMAN APPOINTED TO MAKE ARRANGEMENTS FOR SHOW IN MARCH

COMPTON, Dec. 3. (Exclusive)—The first organized steps for holding the third annual Industrial and Fur Rabbit Exposition were made today when Hubert Allen, managing head of the Alco Oil Tool Company, was selected as the general chairman of the show which is to be held March 1 to 7, inclusive. The executive committee was also appointed, being comprised of K. T. Hubbard, the general chairman of last year's show; George B. Nygaard, chairman of booths and finances last year; and George F. Larsen, secretary of the Compton Chamber of Commerce, who will also act as secretary of the show. Superintendents of various departments and committee chairmen will be appointed within the next day or two. In addition to industries and rabbit exhibits, it is expected that other departments will be added thereby making the show much larger and more important than any of the previous years. Among these additions are poultry, caviar, pigeons, cage and fancy birds, gold and tropical fish, junior exhibits and historical features, which of themselves will be quite an attraction.

Measles and Scarlet Fever Gain in State

SACRAMENTO, Dec. 3. (AP)—Abnormal prevalence of measles and scarlet fever in California is reported in a bulletin issued by the State Board of Health today. The bulletin shows 776 new cases of measles reported last week, as compared with only 17 for the corresponding week last year. Central and Southern California counties reported most of the cases of measles, while of the 296 scarlet fever cases most were from southern counties.

**Begin Trial of Man Accused of Selling Daughter**

RIVERSIDE, Dec. 3.—Trial of W. Atkins of Blythe on a charge of selling his daughter began in court before Judge W. H. Ellis today. The state put only one witness on the stand today, a woman who testified that she had secured a license to sell Atkins' daughter, Louise, to a man named John Woodbury, and that she had introduced and admitted as such. The transaction is said to have been made in October of last year. The trial yesterday was halted when Defense Attorney Hamilton moved dismissal of the case on grounds that the state had not established a crime having been committed. The jury was discharged. The state has not yet decided whether to appeal the ruling. Judge Ellis announced that he would overrule the motion of the defense. The trial was resumed today. The state called W. H. Spaulding, John Clifford Thompson, M. E. W. Smith, Clifford Foster, Jennie Foster, Rachel Foster, Maudie Foster, and Matthews and J. W. Goein.

Citizens of Seal Beach seek to move trustees

**SEAL BEACH, Dec. 3.**—James H. Seal is the date fixed by the board of trustees for the holding of a special municipal election to recall C. O. Wheat shall be removed from the board.

An ordinance calling such election was introduced at the regular meeting of the board last night. The bill is designated as the Seal bill, and the following are the election officers: Inspector K. K. H. Spaulding, John Clifford Thompson, M. E. W. Smith, Clifford Foster, Jennie Foster, Rachel Foster, Maudie Foster, and Matthews and J. W. Goein.

At a meeting of the board two weeks ago last night the petition was filed with 118 signatures, as called for by the clerk. This was a second resolution, one with eighty-five signatures having been received from the part of the board. The weeks previous, technical grounds were given as a reason for not ordering that an election be held.

**MAY BE FOUL PLAY**  
LEMOORE, Dec. 3.—Owing to representations of possible foul play in the death of Verrill Stiles, a youth of the city, who was beheaded and badly mangled by a Southern Pacific Railroad train this city Monday night, District Attorney McKay has ordered that the case not be returned until further investigation can be made of possibility that the young man may have been murdered and his body placed on the train. The coroner's jury found that the death had been caused by the train through no fault of the crew.

**POLICE EXHIBIT NOVEL WEAPONS**  
Night Sticks Shoot Spray of Tear Gas  
Devices Used to Protect Bank Messengers  
New Types of Revolvers Used by Officers

BY FREDERIC J. HARKIN  
WASHINGTON, Dec. 3. (Exclusive)—In making war on crime and criminals, officers of the law have an amazing array of new weapons, as well as many safety devices for their own protection. Nowadays at the annual convention of the police chiefs of the United States one of the important features is the exhibition of the most offensive and defensive equipment, and the old patrolman who fought all his battles with his trusty least night stick finds himself and his methods hopelessly antiquated.

**GAS DEVICES**  
In fact, a great many of the new devices for police officers use gas of one kind or another in various ways. They range all the way from bombs to take over-side fountain pens. There are tear-gas cartridges for revolvers, a single one of which is said to have stopped an angry mob of 180 gangsters in a night raid in a Middle West city. There are hand grenades in different colors, each color indicating the content, which varies from a comparatively mild anesthetic gas to be used in dispersing police officers from riotous crowds, to the strongest of tear gas, to be brought into action against desperate desperadoes.

**DEVICES FOR BANK MESSENGERS**  
Somewhat similar in character is a suit case handle for bank messengers' bags which is harmless so long as the messenger holds it in a certain way, but will throw out a cloud of tear gas if a hold-up man grabs the bag or forces the messenger to drop it. This handle is also used on the brief cases in which bonds are carried.

**AUTO ATTACHMENTS**  
Nickel-plated gimcracks wholly inoffensive in appearance have been designed for use as automobile attachments that is the latest thing for repelling hold-up artists or hijackers. They are known as "bullet" attachments and are operated by a button on the floor of the car. They will shoot off enough gas to blind anybody and everybody within a twenty-foot range on either side of the machine.

### KHJ WILL BE ON THE AIR TODAY WITH GRID CLASSIC

The West's biggest intersectional football battle of the year—Notre Dame vs. U.S.C.—will be broadcast from the Coliseum today over radio KHJ.

Approximately 80,000 people will see the game, but if you are one of the 80,000 who failed to secure a ticket time in on KHJ and hear the big game play by play.

With the roar of the huge crowd in your ears as it cheers a sensational play you can visualize yourself in the mammoth stadium watching the struggle on the field below.

The game is scheduled to start at 2 p.m. Bill Henry, who was with Notre Dame for their two workout periods in Tucson, Ariz., on Thursday, and is familiar not only with the visiting players but the U.S.C. team, will be at the microphone.

### Trojans Face Irish in Gridiron Classic

Capacity Crowd of 75,000 Fans to Witness Great Struggle Between Rival Football Teams

BY PAUL LOWRY

The subtle distinction between an eastern football team which has been beaten once this season and a western eleven which lost a solitary game by one point will be demonstrated or the edification of 75,000 cash customers on the greensward of the Coliseum this afternoon.

Notre Dame, the titan of the East until Carnegie Tech unexpectedly bowled her over, will endeavor to operate on U.S.C. in the same successful manner in which the Irish fractured Stanford in the New Year's Day game two years ago.

And in this exploitation Notre Dame will have the personal supervision of Knute Rockne, the eminent Norwegian coach. According to those on the inside Knute has promised that he will not leave his boys in the hours of 2 and 4:30, or to oversleep and miss the game this afternoon.

Will be here

Since the Carnegie Tech faux pas, when Knute was absent "reporting" the Army-Navy game, he has been busy explaining that Notre Dame had too long a schedule and that his absence didn't make any difference anyway because the boys were stale. So far Knute's words in explanation of that 19 to 9 defeat have fallen on barren ground. It's about the only speech in his life with which the famous Norwegian spellbinder has failed to register. History is against him, but Knute hates to admit that he has committed the same old error that other illustrious coaches have made before him.

Two weeks ago Notre Dame was a 3-to-1 favorite over U.S.C. in the books of the betting commissioners in San Francisco. It wasn't quite that bad down here, but the Irish were topheavy favorites. Now it's even money on today's winner. There never was any reason for such big odds on Notre Dame because the 1926 team is not the equal of the Four Horsemen team of 1924.

The best proof of that is that Boeringer, center, is the only Notre Dame player given a tumble this year by the all-American pickers. On the first three teams there are not over three Notre Dame players considered. In 1924 the whole Notre Dame team landed somewhere, some of the players on the first team, others on the second and a few on the third. Some critics nominate a whole backfield composed of Crowley, Miller, Layden and Stuhldreher on the first team. Incidentally, this gang murdered Carnegie Tech 40 to 15, and

### U.S.C. Eleven Prepared for Irish Warriors

BY BRAVEN DYER

Never beaten in an intersectional football game and on edge for the greatest battle of their careers the Trojans of U.S.C. go into action against Notre Dame at the Coliseum this afternoon. Although they hold a record of four straight victories in intersectional titles the Cardinal and Gold athletes are facing the toughest opposition they have ever encountered and if they stretch the number to five today they'll richly deserve the plaudits of the multitude.

They are just as big as their rivals, just as fast and probably more experienced and just as smart. We

BILL SCOLLINS

Ever since the days when the university was budding forth as a teacher's college, the hopes and dreams of its backers were to see the school one of the old universities of the West. That dream was realized last night when the faculty representatives of the Pacific Coast Conference, meeting at the Biltmore Hotel, voted unanimously to invite the local University of California into the conference as its tenth member.

According to authoritative information from a high official, the invitation is as good as accepted.

While California officials had been hoping to bring the Coast faculty activities attention to the growth of the local university in the hopes of gaining favorable action within the next few years, no hopes were held for action at this meeting. However, when attention was called to the present status of the university by Stephen Cunningham, graduate manager of the Bruin institution, the reaction was so satisfactory that Cal-

### EX-IRISH STARS COACH HERE

The Pacific Coast has its share of footballers who helped make the Notre Dame name a byword in grid circles in years gone by. Right here in the Southern Conference loop is Max Houser, head coach at Redlands University. Max didn't burn up the world with his team this season but it was his first year and he has not had much to work with. Up at Santa Clara we have Adam Walsh, all-American center and captain of the famous four horsemen team. Adam is directing things for Santa Clara.

Another famous Irish player of recent years who is doing his stuff on the Coast is Skip Madigan, coach of the fast St. Mary's team which has not been beaten this year. Then there is Clipper Smith who chased the pigskin for the South Bend organization in years gone by. Clipper is coaching at Gonzaga these days. Last but not least, we have right in our midst here in Los Angeles, Mike Pecorovich, coach of the Los Angeles team in the coast professional league.

### Mickey Walker Whips Flowers to Win Title

Ex-Welter King Annexes Decision in Furious Ten-Round Battle for World's Middleweight Crown

CHICAGO, Dec. 3. (P)—Mickey Walker, one-time holder of the world's welterweight championship, tonight won the middleweight title from Tiger Flowers, the Georgia Deacon, after ten savage rounds of fighting, in which the champion was floored twice.

Walker was awarded the decision by Referee Benny Yang. The record-breaking crowd of 11,000 spectators immediately broke into a chorus of boos and cheers. When the battle ended, blood was streaming down Walker's chest from a gash over his left eye sustained in the second round. Flowers, the defeated title-holder, grimaced and grasped Walker's gloved fist and congratulated him on his game fight. Then two police piled into the ring to protect the new champion and the defeated titleholder from any riotous outbreak.

### Trojans Have Slight Edge, Coaches Say

If opinions of football coaches are anywhere near right on games in which their own teams are not involved, the Trojans should cop today's tussle with a much-traveled Irish eleven from South Bend. A check-up on the mentors who are attending the Pacific Coast Conference at the Biltmore showed a decided tendency in favor of the U.S.C. chances. "Ted" Jones, coach of the Yale team and brother of Howard of Thundering Herd fame, was among the few coaches without a decided opinion. "Ted" thinks the game is a toss-up.

### WARNING! DON'T BET YOUR SHIRT UNTIL YOU'VE READ INSIDE DOPE ON IRISHMEN

BY BILL HENRY

The gold pants worn by the Notre Dame team are made of airplane linen, a combination of linen and silk. They have no padding whatsoever, but the players wear a belt and hip pads of soft rubber. The pants are specially made for lightness and have been used so far in only the Minnesota, Northwestern and Army games.

Rockne's system calls for all plays to be run from what is technically known as a balanced line, that is, the players line up from left end to right end without any shift. The backs execute a shift on most of the plays in order to disguise direction. Notre Dame never uses the huddle system, but the quarter yodels the numbers in the good old-fashioned way.

Wet weather will probably handicap one team as much as the other as

## NOTRE DAME'S CAPTAINS - - By Peg Murray

## TROJAN ATHLETES ON EDGE

U.S.C. Gridders Ready for Supreme Effort of Their Careers This Afternoon

(Continued from Ninth Page)

IN EUROPE, the words "Notre Dame" usually mean the famous Cathedral of "Our Lady" in Paris, one of the most beautiful examples of Gothic architecture in the world. In America, "Notre Dame" means a little school at South Bend, Ind., that every year is noted for its splendid football team.

The cathedral has wonderful lines, while the football team has a wonderful line—and a great backfield. There are rhythm and grace and harmony and beauty in both, as well as a rugged strength and solidity. Both are works of art.

The Notre Dame football team is one of the few in the country this fall that has two captains. Leave it to Notre Dame to have something different about its team, "black troops" in "white pants" led by two captains! As a matter of fact, Tom Hearden and Red Edwards are the two captains of the Trojan team.

Both of Notre Dame's captains are red-headed. They're likely to be as bold as their coach after going through such a hard schedule.

AT FULL STRENGTH U.S.C. will go into the game at full strength for the first time since defeating Washington State here, 16 to 7, on October 8, almost two months ago. Drury has not played since then, while Al Behrendt, right end, has been laid up since the Oregon Aggie clash on November 11. Morison Kaer, who seems destined to be the brightest star in today's constellation of brilliance, has also been inactive a long time. His last public appearance was against Oregon Aggie, but he hasn't been missed to the extent that Drury and Behrendt have because of Howard Elliott's exceptional work as his understudy.

Now the three are ready to go. Kaer and Behrendt are playing their last game for U.S.C. and, needless to say, they will strive with might and main to show that they are the best players in the Trojan team.

Howard Elliott, who has been laid up for any length of time, is now back in the Trojan team. He is a fullback and is a very good player. He is a very good player.

In addition to Kaer and Behrendt, six other U.S.C. regulars are taking the field for the last time. They are Capt. Cravath, Morris Badgro, Manuel Laramie, Kenneth Cox, Ted Correll and Brice Taylor. Most of these boys have been set aside by injury for three years of varsity action and it's going to take a lot of good football to beat them today.

HIBBS MAY BE STAR Jesse Hibbs and Lloyd Thomas are the only new players from last year. Hibbs, in our estimation, is as good as any tackle on the Coast. He will run Cravath and Bud Boring, Notre Dame's all-American center, a terrific race for honors as the best linebacker of the day. Thomas has shown himself a vicious blocker and a fine defensive unit. When Lloyd Hibbs stays hit. Much depends on the way he runs interference today.

Howard Jones said last night that it will make no difference to him if Rockne chooses to start his shock troops. "I will open with the regular line-up regardless of what Rockne does," declared Jones. Rockne did not start his subs in the Iowa-Notre Dame game of 1921 which Jones' team won, 10 to 7.

Should the field be wet it would make little difference either way. Notre Dame is probably more used to a dry gridiron but the heavy fog and rain will be a factor in the game.

On the other hand U.S.C. would be similarly handicapped in aerial work. The Trojans, however, have showed themselves excellent mudders, as witness the Oregon Aggie game in which the foot-footed Kaer displayed enough drive and power to wade down the muddy Corvallis line and carry on to tremendous gains through the secondary defense.

In creating the defensive record which they have the Irish have showed themselves a powerful team. Nobody doubts that they're good. But today they face a very tough team by Howard Jones, which is getting results as convincingly as does Rockne's own method. They face a system which has its foundation in an interference avalanche, which when working correctly, produces yardage in astonishing chunks.

U.S.C. is on edge today if ever a team was. The boys are not confident of Notre Dame and on the other hand they're going into the game with everything they have and it's our guess that they'll score a couple of touchdowns. Whether Notre Dame can do better than that remains to be seen.

GRID STARS COACHES TO ATTEND BIG BALL With the entire football squads of the University of Southern California and Notre Dame present, and with such nationally known sport writers and commentators as Walter R. Bruce, Glenn "Pop" Warner, Howard Jones, J. Bear and Christy Walsh, the Shrine Civic Auditorium will be the scene of the annual Pacific Coast Conference meeting here, the "Stage and Screen Theatrical Ball" will be the largest affair ever staged in California.

Aside from these collegiate representatives, leading stars in every sport field will attend the mammoth entertainment at the Shrine Civic Auditorium tonight. Every sports editor and his staff in the city have also been invited.

HOME-COMING PARADE IS FEATURE OF GAME The Coliseum tilt today is just one of the big features of the homecoming festivities at Southern California. Burton T. Pitts, Governor-elect, and Lee Conti, student representative, arranged an attractive array of events to welcome home the old grad. Today a homecoming parade is to be featured, with floats from all of the sister colleges and sorority houses of the Trojan campus, as well as other organizations. The parade will perform in the Coliseum starting at 1 o'clock, and will finish just before the start of the game.

JONES PROVES JINX FOR ROCKNE SQUADS Howard Jones, Trojan coach, has been a jinx for Knute Rockne's Notre Dame eleven, and teams that use a similar style of play. While at Iowa, Jones defeated the 1921 Irish, 10 to 7, and since coming to the Coast two years ago, his Thundering Herd has won from the three leading opponents of the Rockne shift in this section. Meaning St. Mary's, under Rip Mason; Santa Clara, coached by Adam Walsh, and the Oregon Aggie, who learn their football from Paul Schisler.

MENDO WHIPS DOUGAN ERIE (Pa.) Dec. 3. (AP)—Jimmy Mendoza, Cleveland, gained the decision over Leroy Dougan, New Orleans, in a fast ten-round bout here tonight.

## NO SEATS FOR TODAY'S CLASH

Contrary to rumors there will be no general admission tickets on sale for today's U.S.C.-Notre Dame game at the Coliseum.

Every seat is reserved and all the reserved seats have been sold for weeks. It is useless to go to the Coliseum in expectation of buying tickets as the last moment. There are none left so there will be none for sale.

## SENTINELS WIN MUDDY VICTORY

Rees Skids Over Goal Line for Lone Score

Capt. Mittlestedt Brilliant for Jackrabbits

Sloppy Field Prohibits Real Football Display

On a field as muddy as one of Hollywood's newly torn-up boulevards and twice as wet, Inglewood put the four-wheel brakes under a fighting Long Beach eleven and skidded home to a 7-0 win in the Jackrabbits' back yard yesterday afternoon. At the cost of so many miffles and goodness knows how many chilblains, the Sentinels won the right to play Burbank next week in a semifinal contest for the Southern California prep championship of the California Interscholastic Federation.

On the first play, Sherman slipped around his own right end for a 15-yard gain. Albany made two at center and on a spin play placed the oval on the Long Beach 5-yard line. With Albany and Rees packing the ball, Rees went over from the 1-foot line. R. Smith converted with a place kick and the damage had been done.

Buchanan kicked off for Inglewood to the game under way in a slight drizzle. Mittlestedt promptly kicked and Inglewood kicked right back. The first part of the initial quarter furnished a beautiful duel between Capt. Mittlestedt and O'Grain, both of whom wiggled a wicked toe. Long Beach had a little the better of the going as the Jackrabbits ended the Sentinel safety man for a row of loops as soon as he caught the oval, while Mittlestedt was running O'Grain's punts back for gains of from 10 to 20 yards.

The break finally came in the last part of the first half, when Mittlestedt for some reason gave the ball to Reeborg, who punted out of bounds on his own 55-yard line for a net gain of 5 yards. Coleman's had pass from center was partially responsible for the poor kick.

(Continued from Ninth Page)

IN EUROPE, the words "Notre Dame" usually mean the famous Cathedral of "Our Lady" in Paris, one of the most beautiful examples of Gothic architecture in the world. In America, "Notre Dame" means a little school at South Bend, Ind., that every year is noted for its splendid football team.

The cathedral has wonderful lines, while the football team has a wonderful line—and a great backfield. There are rhythm and grace and harmony and beauty in both, as well as a rugged strength and solidity. Both are works of art.

The Notre Dame football team is one of the few in the country this fall that has two captains. Leave it to Notre Dame to have something different about its team, "black troops" in "white pants" led by two captains! As a matter of fact, Tom Hearden and Red Edwards are the two captains of the Trojan team.

Both of Notre Dame's captains are red-headed. They're likely to be as bold as their coach after going through such a hard schedule.

AT FULL STRENGTH U.S.C. will go into the game at full strength for the first time since defeating Washington State here, 16 to 7, on October 8, almost two months ago. Drury has not played since then, while Al Behrendt, right end, has been laid up since the Oregon Aggie clash on November 11. Morison Kaer, who seems destined to be the brightest star in today's constellation of brilliance, has also been inactive a long time. His last public appearance was against Oregon Aggie, but he hasn't been missed to the extent that Drury and Behrendt have because of Howard Elliott's exceptional work as his understudy.

Now the three are ready to go. Kaer and Behrendt are playing their last game for U.S.C. and, needless to say, they will strive with might and main to show that they are the best players in the Trojan team.

Howard Elliott, who has been laid up for any length of time, is now back in the Trojan team. He is a fullback and is a very good player. He is a very good player.

In addition to Kaer and Behrendt, six other U.S.C. regulars are taking the field for the last time. They are Capt. Cravath, Morris Badgro, Manuel Laramie, Kenneth Cox, Ted Correll and Brice Taylor. Most of these boys have been set aside by injury for three years of varsity action and it's going to take a lot of good football to beat them today.

HIBBS MAY BE STAR Jesse Hibbs and Lloyd Thomas are the only new players from last year. Hibbs, in our estimation, is as good as any tackle on the Coast. He will run Cravath and Bud Boring, Notre Dame's all-American center, a terrific race for honors as the best linebacker of the day. Thomas has shown himself a vicious blocker and a fine defensive unit. When Lloyd Hibbs stays hit. Much depends on the way he runs interference today.

Howard Jones said last night that it will make no difference to him if Rockne chooses to start his shock troops. "I will open with the regular line-up regardless of what Rockne does," declared Jones. Rockne did not start his subs in the Iowa-Notre Dame game of 1921 which Jones' team won, 10 to 7.

Should the field be wet it would make little difference either way. Notre Dame is probably more used to a dry gridiron but the heavy fog and rain will be a factor in the game.

On the other hand U.S.C. would be similarly handicapped in aerial work. The Trojans, however, have showed themselves excellent mudders, as witness the Oregon Aggie game in which the foot-footed Kaer displayed enough drive and power to wade down the muddy Corvallis line and carry on to tremendous gains through the secondary defense.

In creating the defensive record which they have the Irish have showed themselves a powerful team. Nobody doubts that they're good. But today they face a very tough team by Howard Jones, which is getting results as convincingly as does Rockne's own method. They face a system which has its foundation in an interference avalanche, which when working correctly, produces yardage in astonishing chunks.

U.S.C. is on edge today if ever a team was. The boys are not confident of Notre Dame and on the other hand they're going into the game with everything they have and it's our guess that they'll score a couple of touchdowns. Whether Notre Dame can do better than that remains to be seen.

GRID STARS COACHES TO ATTEND BIG BALL With the entire football squads of the University of Southern California and Notre Dame present, and with such nationally known sport writers and commentators as Walter R. Bruce, Glenn "Pop" Warner, Howard Jones, J. Bear and Christy Walsh, the Shrine Civic Auditorium will be the scene of the annual Pacific Coast Conference meeting here, the "Stage and Screen Theatrical Ball" will be the largest affair ever staged in California.

Aside from these collegiate representatives, leading stars in every sport field will attend the mammoth entertainment at the Shrine Civic Auditorium tonight. Every sports editor and his staff in the city have also been invited.

HOME-COMING PARADE IS FEATURE OF GAME The Coliseum tilt today is just one of the big features of the homecoming festivities at Southern California. Burton T. Pitts, Governor-elect, and Lee Conti, student representative, arranged an attractive array of events to welcome home the old grad. Today a homecoming parade is to be featured, with floats from all of the sister colleges and sorority houses of the Trojan campus, as well as other organizations. The parade will perform in the Coliseum starting at 1 o'clock, and will finish just before the start of the game.

JONES PROVES JINX FOR ROCKNE SQUADS Howard Jones, Trojan coach, has been a jinx for Knute Rockne's Notre Dame eleven, and teams that use a similar style of play. While at Iowa, Jones defeated the 1921 Irish, 10 to 7, and since coming to the Coast two years ago, his Thundering Herd has won from the three leading opponents of the Rockne shift in this section. Meaning St. Mary's, under Rip Mason; Santa Clara, coached by Adam Walsh, and the Oregon Aggie, who learn their football from Paul Schisler.

MENDO WHIPS DOUGAN ERIE (Pa.) Dec. 3. (AP)—Jimmy Mendoza, Cleveland, gained the decision over Leroy Dougan, New Orleans, in a fast ten-round bout here tonight.

# ONE WEEK FROM TODAY

Last Special Prize Period of The Times \$50,000 Automobile Campaign Will Close!

Beautiful \$1495 Auburn Sport Roadster Awaits  
Candidate Who Makes Best Showing

Purchased and on display at White Motor Co.,  
1800 So. Figueroa St., Los Angeles, Cal.

New Times subscriptions now will bring bountiful reward in The Times mammoth \$50,000 prize campaign. To the entrant who turns in the highest amount in total new subscription payments during the two weeks ending December 11, the splendid \$1495 Auburn Sport Roadster shown above will be given as a special merit prize. Positively the last special prize offer of the campaign. Only ONE MORE WEEK to win this EXTRA PRIZE—and you can still win another automobile when thirty additional motor cars are distributed at the end of the campaign.

80,000 Extra Votes Now Given!

All new subscriptions turned in during this same period also earn extra votes at the rate of 80,000 for each and every \$30 club. This is the last club offer. Only one more extra vote opportunity remains after this one—70,000—effective during the next and final week of the campaign. New subscriptions now have a greater vote value than they will ever have again. The crucial period of The Times great prize race is here—make sure of your winning votes NOW.

## TWO WEEKS FROM TODAY

The Times' \$50,000 Prize Campaign Officially Ends!  
Thirty More Automobiles and Other Prizes to be Awarded!

Only a short time remains to win a luxurious automobile for Christmas! The home-stretch is almost here! Soon the greatest newspaper campaign in the history of the Pacific Southwest will be over, and candidates will be receiving their valuable prizes. Where will your name be in the winner's list? There is still time for anyone to win the biggest prize—a \$5247 Lincoln Sedan—a \$3655 Pierce-Arrow—or one of the other fine cars comprising the \$50,000 prize list.

Second Payments Will Help You to Win

Candidates who secure extensions of short-term subscriptions will earn thousands of votes thereby. Subscribers who have paid for three or six months, or a year, may extend their subscriptions to any period up to three years, by making a second payment now. Candidates will receive the difference in votes between the total amount issued on the full subscription and the votes given on the first payment. If the first payment was a new subscription, the second payment will also count as new and apply on the special offer this week. Leave no stone unturned to get votes now; victory is almost here!

CITIZENS BANKS  
WILL PAY EXTRASpecial Distribution of \$2 a  
Share AnnouncedOne-half of Melon Will be  
Paid by Bond ConcernEmployees of Group Also to  
Get Christmas Bonus

An extra dividend of \$2 a share, in addition to the regular quarterly dividend of \$1 a share, will be paid to stockholders of the Citizens National Bank for the final quarter, and a Christmas bonus consisting of one-half of a month's salary will be paid to all employees of the two Citizens' banks and the Citizens' National Company, according to a statement made yesterday by J. Dabney Day, president.

The Citizens' National Company, a corporation operating under a separate charter to handle the bond and investment business of the Citizens' National Bank and Citizens' Trust and Savings Bank, and owned by the same stockholders, will pay one-half of the extra dividend distributions, the bank paying the other half out of surplus.

The extra dividend of \$2 a share will bring the total dividends paid on the bank's capital stock in the current year to 18 per cent. In 1925, 17 per cent was paid, a Christmas dividend of \$1 a share having been paid in addition to the regular 16 per cent for the year.

The Christmas bonus of one-half of a month's salary will be paid to all employees with a year or more of service. Proportionate amounts will be paid to those with less than a year's service.

In announcing the dividend and bonus, Mr. Day made the following statement: "It is always a pleasure to be able to announce the Christmas bonus to our employees and stockholders. We would rather have one man or woman working with us than three merely working for us. The splendid loyalty and co-operation of the bank's staff have been outstanding characteristics of the Citizens group."

"We take pride in the continued progress and prosperity of our city, and our banks are growing with the community. The year will establish new high records for Los Angeles and we look for a continuance of good business during the coming year."

With the Citizens' National distributing a total of 18 per cent in cash dividends in 1926, there is only one other bank in the city paying a larger amount, the First National Pacific-Southwest banking group. The annual rate of the First National is 22 per cent. The Farmers' and Merchants' National Bank is paying 18 per cent, and other dividend rates for stocks selling around \$400 a share are as follows:

Bank of Italy, 16 per cent; California, 13 per cent; Merchants' National, 12 per cent; and the Security Trust and Savings Bank, 10 per cent. The Security Trust and Savings Bank, which in 1925 paid a stock dividend of one share for every seven shares held on December 31, 1925, and decreased the annual dividend rate from 18 per cent to 16 per cent. Some of the banks in this list are expected to increase the yearly total by extra dividends to the one ordered by the Citizens' group.

## SCRAMBLE ON IN VENEZUELA

American Oil Companies, Says Housman Partner,  
Rivals for Acreage; Union-Pantepec Well Fixed

BY EARLE E. CROWE

In Venezuela the American oil companies are engaged in a lively scramble for strategic positions in the coming race for South American oil production, reports Col. Lathan R. Reed, partner in the New York Stock Exchange house of A. A. Housman-Guthrie & Co., and a director of the Pantepec Oil Company. Col. Reed recently returned from a trip to Venezuela, and is now in Los Angeles conferring with Union Oil of California officials and the management of the Los Angeles offices of the Housman organization.

Standard Oil of Indiana, Gulf Oil and General Asphalt are out in front, said Col. Reed yesterday, having already developed substantial production. The Texas Company, Standard of California, Sun Oil, Pure Oil and Union Oil of California are the recent entrants. The Royal Dutch-Shell interest, the original developers of the La Rosa field, still have the advantage over the American companies.

Union Oil's Venezuelan venture will begin on about January 1, when drilling is expected to begin on part of the 875,000 acres which Union will develop jointly with Pantepec Oil. The Union geologists spent two and a half years examining the property. Col. Reed said, before the deal with Pantepec was made. Drilling will begin on the western side of the district of Miria, near the coast.

Venezuela's rise as an oil producer has been the most spectacular occurrence in the petroleum industry since the phenomenal development of the Texas Company's oil fields in the Gulf of Mexico. Col. Reed's figures show that production is now running more than 100,000 barrels daily, which compares with 10,000 barrels daily in 1925. A production standpoint the feature that attracts oil companies is the fact that 80 per cent of the wells are completed successfully, while another incentive of equal importance is the small amount of capital required to operate. Venezuela is strictly a "big company" field.

While it will be some years before Venezuela overshadows the domestic fields, the cost of transportation is an influence that favors Venezuelan oil for Atlantic Coast consumption over midcontinent and California crudes. The Housman partner packs some interesting statistics with him to prove this point. They show a transportation cost of 96 cents a barrel from the midcontinent to the Gulf of Mexico, 80 cents from the Gulf of Mexico to the coast, and 40 cents from the coast to the Atlantic. Thus there is a differential of from 40 to 60 cents a barrel for Venezuela over California.

## Trade Chambers Would Rename Sulphur Valley

DOUGLAS (Ariz.) Dec. 3. (Exclusive)—The chambers of commerce of Douglas and Bisbee are discussing a possible change of name for the great Sulphur Springs Valley, which stretches from below the Mexican line for ninety miles northward to a point beyond Fort Grant. It is asserted that the name is misleading, giving newcomers a wrong impression of the beauty and fertility of the region. Its name comes from relatively small springs on the edge of the valley, where Apaches camped in the early days of Indian warfare.

It is suggested that the new name honor John C. Greenway, one of Arizona's most notable citizens, who died last year, or that it be changed to Whitewater, from one of the waterways, or to Verde. The movement is similar to one started a few years ago in Phoenix, where a plan to change the name of Salt River Valley to Roosevelt Valley found little favor.

Bunko Man Loses Fight to Avoid Extradition

New York Court Dismisses Habeas Corpus Writ

Parole Revocation Followed Charges of Bribery

David A. (Big Hutch) Hutchings, four years ago one of the most notorious "con" men and swindlers in the United States, whose secret parole from San Quentin in August, 1925, stirred a political storm, is coming back to California to serve a term of five years in the state prison for a conviction of grand larceny in the same state. Hutchings, who was arrested in New York on charges of grand larceny, is being extradited to California to serve his term in the state prison. Hutchings, who was arrested in New York on charges of grand larceny, is being extradited to California to serve his term in the state prison.

Yesterday the Appellate Division of the New York higher court dismissed the writ of habeas corpus which had been granted to Hutchings by the lower court. Hutchings, who was arrested in New York on charges of grand larceny, is being extradited to California to serve his term in the state prison.

Yesterday's action in the East is the first of a series of legal maneuvers which Hutchings is expected to make in the coming months. Hutchings, who was arrested in New York on charges of grand larceny, is being extradited to California to serve his term in the state prison.

THE GOVERNOR, after coming to Los Angeles and launching an even more elaborate investigation, sent his secretary, Harry L. Brown, to New York to see that Hutchings is not allowed to escape. Hutchings, who was arrested in New York on charges of grand larceny, is being extradited to California to serve his term in the state prison.

Gov. Richardson made no attempt to disguise his pleasure when he was informed that Hutchings had been extradited to California. Hutchings, who was arrested in New York on charges of grand larceny, is being extradited to California to serve his term in the state prison.

Prohibition enforcement varies in different communities in accordance with their respect for the Constitution and not according to the amount of opposition there may be to the Volstead Act, declared Mrs. Mabel Willebrandt, assistant Attorney-General of the United States, in an address at the Lions Club luncheon at the Biltmore yesterday.

Reference to the statement frequently heard that prohibition has increased graft and corruption, she declared that this is a misconception. She said that prohibition has merely stripped corruption of its disguise.

# SANTA COMES TO TOWN TODAY READY TO DRIVE HIS REINDEER

Today is the big day—the day when Santa Claus is scheduled to arrive in Los Angeles from his Ice Palace up near the North Pole and drive his famous reindeer on the downtown streets promptly at 10 a.m.

From the airship, the Hi-Lee-Hi-Low, Santa Claus scanned the horizon yesterday with his big spy-glass and sent word to The Times that in the event that it should be raining in Los Angeles at 10 o'clock he will not drive his reindeer on the streets as planned. Santa Claus said that he is afraid the children might suffer from getting wet. He added, however, that it would have to be raining at the starting hour to prevent him and the reindeer from starting. Just a light drizzle during the early hours would not stop him.

If everything goes as planned, Santa Claus will drive his reindeer down Broadway, starting at First street. He will go as far as Seventh street and will turn west on Seventh street and travel as far as Flower street.

In case he does not drive his reindeer as planned, rain preventing, Santa Claus will have an interesting program for the children Sunday afternoon at 2 o'clock. This program will be announced in Sunday's Times.

The big siren on the roof of The Times Building will be blown to signal the arrival of Santa Claus and the beginning of his trip with his reindeer team down Broadway.

# BOARD SHIES AT SHAW CASE

Public Works Body Balks on Ousting Inquiry as Engineer Charges Plot to Get Job

The Board of Public Works yesterday fell in line with the City Council's efforts to another investigation of the efforts as alleged in affidavits of Public Works Commissioner Dunn, Contractor Peter R. Gadd and President A. W. Alley of the Municipal Engineers' Association to have Maj. John C. Shaw ousted as City Engineer and replaced by Alley.

The affidavit-petition of four engineers who had been prominent in the affairs of the Municipal Engineers' Association, containing the charges and asking for an investigation by the Council in the public interest was sent by the Council to the Board of Public Works yesterday, on motion of Commissioner Eldridge, seconded by Commissioner Kilduff. The petition asked that the Council grant the petition and ordered the petition filed, it was excused by the other four commissioners.

REPORT EXPECTED Commissioner Dunn, who was named in the petition as taking part in the plan to oust the City Engineer, asked to be excused from voting on the motion to file, and he was excused by the other four commissioners.

The Council will be informed of the board's action, on motion of Commissioner Dunn, who was named in the petition as taking part in the plan to oust the City Engineer, asked to be excused from voting on the motion to file, and he was excused by the other four commissioners.

FORCED TO ACT Public indignation over the West Adams case grew so strong yesterday that the Mayor was compelled to send a message to the Council declaring that he wanted all the facts in the West Adams case to become known. The investigation was halted on an injunction obtained by the attorneys of Contractor Gadd. This injunction is still in effect pending the outcome of Contractor Gadd's appeal to the California Supreme Court for \$1,050,000, the amount of his bill for the West Adams improvement, which includes \$500,000 extra on the storm-drain part of the improvement.

City Engineer Shaw testified at the Council hearing that of this total \$250,000 of the extra was unnecessary and were not authorized by him. By this testimony, the City Engineer's position was weakened.

IMPROVEMENT AUTHORIZED The permanent improvement of New Hampshire avenue from San Marino street to Tenth street has been authorized by the City Council.

Comedian and Wife Make Sizzling Statements

Lita Says Charlie Slurred Friends and Family

Actor's Charges Result in Deluge of Accusations

A barrage of crackling statements that carried subtly their burdens of challenge, defiance, pathos and even humor, roared forth yesterday from the opposing camps of Charlie Chaplin and his wife, Lita Grey Chaplin, as attorneys for the warring pair went into a conference behind closed doors on the legal aspects of the separation case.

It all started with a lone long-range shot from Robert E. McMurtry, father of Mrs. Chaplin, at Wichita, Kan. By nightfall statements were popping from all quarters.

Intrenched at the home of her grandparents on Beverly Drive, Mrs. Chaplin met statements with counter-statements—and, true to tradition, had the last "say" in the form of an answer to a statement issued by Chaplin earlier in the evening.

COMEDIAN DENIES CHARGES Chaplin's statement, issued, the comedian avowed, with regret, gave his version of married life in the Chaplin home during the two brief years at the Beverly Hills mansion.

His statement follows: "I have read Mrs. Chaplin's accusations of cruel and inhuman treatment in tonight's newspapers. Such absurd accusations I emphatically deny.

"I have done everything possible to make Mrs. Chaplin happy in a rational way. My sole desire has been to maintain a sane and peaceful, happy home for my wife, my babies and myself, and I have done everything possible to contribute to this.

"If I have been with every comfort and granted her every desire, she has lived with us, in fact her whole family had the free run of my house. If this constitutes cruel and inhuman treatment then I do not know the meaning of the words. Immediately after our marriage I allowed her to have a room with all cafes, hotels, stores in the city. Perhaps gratifying these tastes was a mistake as these privileges have been abused.

"I have given frequent dinners and entertainment in my home believing my friends would interest Mrs. Chaplin—my friends have often entertained us but Mrs. Chaplin has all too frequently indicated that she preferred friends of her own whom she preferred entertaining at restaurants and at my own home without me.

"I regret the necessity of making these statements but I will not tolerate slanderous falsehoods from anyone.

"CHARLES SPENCER CHAPLIN."

INOS and queens have lost their crowns and this, but the institution of royalty and the divine right of kings has received its final blow.

The West Point young gentleman says that the adoring Princess Irene, who hurried up the Hudson to see him, is "just a nice girl."

Put that into a film, motion-picture scenario, if you dare.

KISS IN AN AUTO This distinctly blasé attitude of the modern youth should have been taken into consideration by the police judge who convicted a Pasadena young gentleman...

The one who indignantly protested that it didn't interfere with his automobile driving to be kissed by a young lady while he was crossing a dangerous traffic corner. Either the kissing or the driving was—for him—merely an automatic process. Gallantry forbids further inquiry as to which was which.

CENSORED NEWS Every time anything happens either in Italy or the Balkans, the news wires cease ticking. Censorship closes down with a bang, and we are left wondering.

Before they are much older they will swim out of this custom.

The smaller countries of Europe—and to a large extent the big ones—cannot exist without American money; and American money will be exceedingly shy about going to a country whose affairs are not at all times open and above board.

The quicker they get used to the American reporter, the happier they will all be, and the fuller their turn tums.

THE YANKEE REPORTER Incidentally, a peculiarity about American reporters...

In small things they are inclined to stray into the realm of fancy. I always distrust the remarks I see quoted from celebrities who land in New York.

The young gentlemen of the press are inclined to help them out. Which is probably just as well. If their real sayings were accurately reported, the business of hero worship wouldn't last out the day.

But in large affairs the American reporter is honest and shrewd; he will risk his life to get the facts. If Rumania would take a few of them into her confidence, she would do fewer idiotic things.

THE KAISER'S BOOK The biography of the former German Emperor is jawned as by critics.

They say it is a tiresome old man who dodders about in the memories of his childhood, and studiously evades telling anything of importance.

Once before, he made a young fortune by selling his memoirs as an American news syndicate. It filled numerous columns and sold nothing.

HIS FORTIETH WIFE The far-famed Sultan of Sulu having just led his fortieth wife to the altar, announces that, at last, he has found real love and will marry no more.

All of which may be the sacred truth; but before I get really excited about his reminiscences I would like to know if he didn't tell wife No. 29—and all the other wives—the same thing.

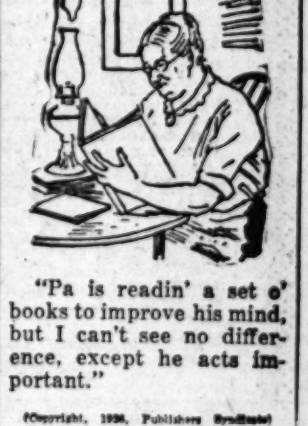

It sounds like a formula.

GOSH! However, I could forgive him anything when I think of the coming festive season; and contemplate his harassed state of mind, coming home from the Sultan department stores with his Christmas presents for forty dear wives under his arm.

The fact that this is his third real love isn't going to let him out with the other thirty-nine. Not even the fact that he is Mohammedan and doesn't believe in Christmas.

# Go To Church Sunday

## Why You Should Go to Church

By Rev. A. S. Reitz, Fairview Heights Baptist Church, Inglewood

You are indebted to the church from a financial standpoint. Your property would not be worth much without churches. Thousands of people would not have come here had there been no churches.

You are indebted to the church from an educational standpoint. The free, public schools are the product of Christian civilization, and there would be no Christian civilization without the church.

You are indebted to the church from a moral standpoint. If you are a clean, moral man you owe it to Christian influence somewhere in your family history. Clean, moral men are hard to find in lands where churches are unknown.

Pay your debt to the church by going to church. You feed your body, and you feed your mind—WHY STARVE YOUR SOUL?

## SCREEN AND STAGE BALL ON TONIGHT

Enchon and Marco Will Direct Entertainment at Shrine Auditorium

Final arrangements for the Stage and Screen Ball, which is being conducted under the direction of Enchon and Marco at the Shrine Auditorium tonight, have been completed.

Coaches and members of the Notre Dame and University of Southern California football teams have promised to be on hand, as well as a host of stars and screen celebrities. Among the latter are Buster Keaton, Jr., Ricardo Cortez, Marion Nixon, Alyce Mills, Jacqueline Logan, Lloyd Hamilton, Bobby Vernon, Norman Kerry, Pat O'Malley, Myrna Loy, Louise Fazenda, Lilyan Tashman, Irene Rich, Jack Dempsey, Ronald Coleman, Ben Lyon, Billie Dove, Madge Bellamy, Gertrude Astor, John Bowers, Lillian Rich, Blanche McHaffey, Ruth Roland, Creighton Hale, May MacAvoy, Pat O'Malley and many others. Eight of the best dance orchestras and bands have been booked, including those of Abe Lyman, Charlie McNeil, Herb Wiedorf, Dave Good and Fred Seldin. They will play for guest dancing.

Most of his pictures were the product of his own pen, and in the past two years he has scored as decisively as a director as he did as a player. Formerly he was the greatest comedian but that Vitaphone had his picture at one time outshining those of any other comedian.

In securing the services of Semon we feel that we have made a move of the greatest importance,” said Mr. Schulberg. “At the present time when comedy is progressing so remarkably in its demand, the value of a man of his versatile genius is immeasurable. He will join the Paramount staff at once and begin immediate preparations for his first picture.”

The signing of Semon offers conspicuous proof of the emphasis which Paramount is placing on its comedy. The company now has the most imposing array of funmakers in the industry under its banner with a galaxy that includes Semon, Eddie Cantor, Raymond Griffith, Wallace Berry, Ed Wynn, W. C. Fields and Bob Daniels.

Paul Bern to Film  
Paul Bern will leave tomorrow for New York, where he is to undertake a most important task for Metro-Goldwyn-Mayer. He will consult with editors and screen writers regarding the suitability of their material for the screen.

Jacqueline Logan's Plans  
Jacqueline Logan will get just one week for Christmas shopping. The role of Mary Magdalene in Cecil B. De Mille's “The Sign of the Cross” will be completed by the 18th, she said yesterday. Although “The Sign of the Cross” will not be shot for a couple of weeks, Logan is a busy girl.

It is quite likely that Miss Logan and her husband, R. A. P. Gillespie, will make a trip to the French Riviera for a couple of months following Miss Logan's work in the De Mille feature.

Scott Sidney to Travel  
Now the picture directors are getting the foreign travel bug. Scott Sidney is announcing that he is planning to visit Europe and the world following the completion of his comedy feature, “No Control,” which will be completed for Metropolitan about Christmas.

John McCormick Buys Story  
John McCormick, general manager of west coast production for First National, has purchased W. H. Clifford's original story, “The Ball and Chain,” according to an announcement made yesterday.

Universal, Too  
Universal has accepted an original story, “The Arm of the Law,” by Mrs. Emmet Johnson, which will be directed by her son, Emmet Johnson, according to an announcement from Carl Laemmle, president of Universal Pictures Corporation.

The picture will be the second of a series of nine pictures for which the Johnsons are under contract, the first having been “The Fourth Commandment.”

“The Arm of the Law” will have an all-star cast and will glorify the life of the policeman. Production will start immediately on the completion of the script and the casting of the players.

Alberta Vaughn's Next  
Alberta Vaughn's next starring vehicle will be “Fast and Furious,” an original story of the race track by E. J. Connelley, according to an announcement from the offices of Edwin King, vice-president and general manager of P.B.O. studios.

Production will probably start within the next two weeks. David Kirkland, who directed Miss Vaughn in her last picture, “Uneasy Payments,” and who has just signed a new contract with P.B.O., will direct.

Helen Lynch in It  
Helen Lynch, charming young Wampas baby star, has just been cast for a leading role in “Money,” a Tiffany production, in which she is associated with George Hackenschmidt, according to an announcement from the offices of Edwin King, vice-president and general manager of P.B.O. studios.
